General Meeting

7 P.M. Thursday November 22
2018

Burlington Library New Street

We will have a presentation by
Leon Evans and Craig Brookhouse
Pilot and Flight Engineer
respectively of the Canadian
Warplane Heritage Lancaster.

Get here early if you want a seat.
More on page 2

Meanwhile.....
Klingon Captain Krauter
has developed a new way
of ordering coffee at Tim's
without leaving his seat.

The January meeting will be our AGM where the new board is elected. If you have an interest in running please contact Past President Ashley Armstrong at BRCM.org "Contacts". If you wish to propose another member he/she must have agreed to run before the AGM.

We also need a new editor for Skywords although this is not necessarily a board position.

Safety Is Everyone's Responsibility

Skywords is edited by Tom Gwinnett who is responsible for all errors

Thursday's Meeting.

We are delighted to welcome Leon Evans, CWH chief pilot and Lancaster pilot, and Craig Brookhouse, flight engineer on the Lancaster, to our November meeting.

Many of you will remember Craig's fascinating presentation last year. This time we are having a "two for one" sale.

Leon Evans is one of only 9 pilots in the world who are qualified to fly the Lancaster. He first became interested in warbirds while flying Harvards in Tillsonburg, Ont. He started volunteering at CWH in 2000 and hasn't looked back since.

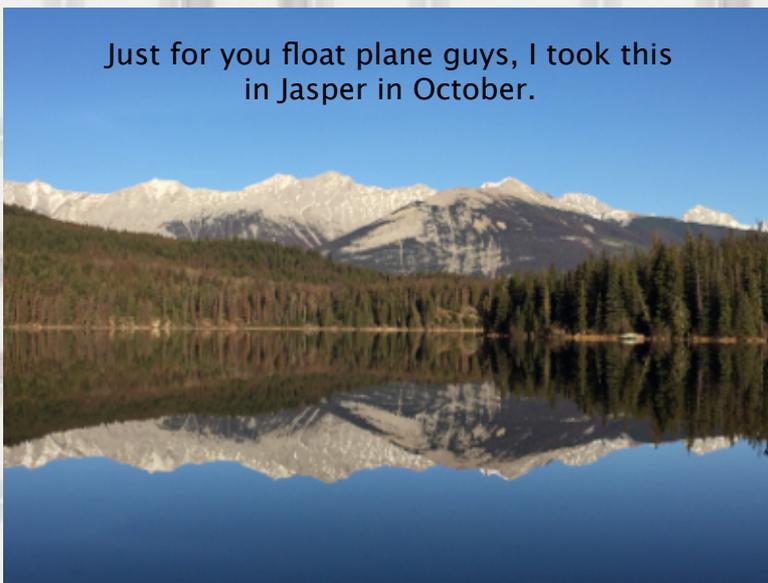

A senior captain and training pilot with Air Canada for almost 34 years, Evans has accumulated more than 22,000 hours flying aircraft as modern as the Airbus A340 and as old as the Fleet 21. As a dedicated training pilot for the Lancaster, Evans oversees initial and recurrent training for all pilots on the bomber.

Two pictures to fill the space. This is a hint that I am looking for content

Just for you float plane guys, I took this in Jasper in October.

Vandalized Flag pole at Bronte
